

2024 IEEE Network Operations and Management Symposium (NOMS 2024)

6-10 May 2024 Seoul, Korea

Towards intelligent, reliable, and sustainable network and service management

... Call for Tutorial Proposals ...

IEEE/IFIP Network Operations and Management Symposium (NOMS 2024) will be held May 6-10, 2024 in Seoul, Korea. The theme of NOMS 2024 is “Towards intelligent, reliable, and sustainable network and service management.

Tutorials are an integral part of the program of IEEE/IFIP NOMS 2024. They provide participants with broad and comprehensive overviews and hands-on practice of emerging fields in management of information, networks and communication technology. Experts are invited to submit full-day (6 hours) and half-day (3 hours) tutorial proposals.

Suggested topics include, but are not limited to:

- SDN/NFV Development and Management Frameworks
- Green networking and network management for sustainable Internet
- AI and network management coupling
- Network and Data Plane Programming
- 5G (and Beyond) Network Management
- Security Management Approaches and Platforms
- Open Source Solutions for Network and Service Management
- Monitoring, Measurement, Service Assurance
- Experimental Frameworks and Platforms
- Blockchain Technologies for Network and Service Management
- Intent-Based Management
- IoT and cyber-physical systems
- Generative AI for Network Management
- Machine Learning for Future Wireless Networks

IMPORTANT DATES

Tutorial Proposal Submission Deadline: November 17, 2023

Notification of Acceptance: December 22, 2023

Camera Ready: Feb 2, 2024

Presentation: May 6 or 10, 2024

SUBMISSION INSTRUCTIONS

If you are interested in presenting a tutorial at NOMS 2024 please fill in the **Tutorial Proposal Form**: [docx version](#) or [pdf version](#) and submit it to the Tutorial Program Co-Chairs.

ADDITIONAL INFORMATION

Once accepted, a tutorial will be held provided that there is a minimum audience of 10 (full-day) and 5 (half-day) registrants for the tutorial. **A \$500 stipend will be offered for each half-day tutorial (\$1000 for full-day tutorial)**. As is customary for most conferences, travel and other expenses are to be covered by the tutorial speakers themselves.

For further information, please contact the Tutorial Co-Chairs.

TUTORIAL PROGRAM CO-CHAIRS

- Choong Seon Hong, Kyung Hee University, Korea, (cshong@khu.ac.kr)
- Shao-Yu Lien, National Yang Ming Chiao Tung University, Taiwan (sylien@nycu.edu.tw)
- Yusuke Hirota, NICT, Japan, (hirota.yusuke@ieee.org)
- Jérôme Francois, University of Luxembourg, Luxembourg (jerome.francois@uni.lu)
